

# PERFORMANCE SPACE

Do you need performance space for poetry, music, short stories, films or other art? We can help! Love Coffee offers it's upstairs venue for private hire for all occasions. We encourage community and arts groups to take full advantage of our resources.

Private Hire to community/arts groups costs as little as £40 for 2 hours, if a regular booking is made. This is inclusive of staff, insurance, heating, electricity, projection equipment and use of a P.A. system. Food and Drinks can be added at an additional cost or purchased as required.

# mentoring schemes

Love Coffee also promotes its premises for use by mentoring groups who may be looking for a relaxed, low key, discreet and private location for mentoring or counseling. We have experience of hosting mental health support groups, young offenders rehabilitation, mentoring of people with a history of anti-social behaviour, and more. We are happy to facilitate larger groups, or one-on-one meetings, we also offer an account system for organisations who may want to pay on a monthly basis.

Typically, there is no charge for this service above and beyond the cost of food purchased during the session. Full account receipts can be provided.

# private venue hire

We are also happy to allow our entire venue to be hired for a variety of purposes, be that photo or video shoots, private screenings of films, charity fundraising events, Temple Spa parties, Pampered Chef parties, barista training courses, wine tasting, bible studies and church small groups. As the price varies depending on the date and time, we would ask anyone interested to contact us for a tailored quotation.

# BUSINESS meetings

Finally, Love Coffee is available for business meetings, presentations, training sessions and mentoring. We have a 50 seater capacity venue which is equipped with audio visual and projection equipment. From small informal staff meetings to larger scale presentations, we can help.
